<https://github.com/rbhriegu459> | <https://www.linkedin.com/in/rishita-bhriegu-0038b31a1/>

EDUCATION

- **B.Tech CSE** | Government Engineering College, Bilaspur | **CGPA - 9.33(4th sem)** | June 2019 – June 2023
- **12th CGBSE Board** | Lions Convent School, Bhatapara | **Percentage - 71.4%** | April 2018 – May 2019
- **10th CBSE Board** | Gurukul School, Bhatapara | **CGPA- 10** | April 2016 – May 2017

WORK EXPERIENCE

- **ABGEC Website** – <https://abgec.in/>
This website is made for the Alumni's organization of our college for many purpose like registering alumni's in one place, sharing glimpses, Uploading events, and many more. Worked in the front-end part of the website.
- **Academic Research**
Published a Research paper on 'Vehicle Price Prediction on Machine Learning' in 'USTM-AIMT International Conference, Meghalaya 2022'.

PROJECTS

- **VEHICLE PRICE PREDICTION** – It is Machine learning project which uses Random Forest Regression Algorithm to predict the price of a vehicle. Trained machine learning model for predicting the price of car using Random Forest Regression model.
 - Github - <https://github.com/rbhriegu459/SmartDeals>
 - Utilized: Python, NumPy, Pandas, sk-learn, Flask, FastAPI
- **EdRoom** (Android App), Developed Splash & onboarding screens for the app. Designed UI for the app for users to use the app with ease.
 - Github - <https://github.com/rbhriegu459/EdRoom>
 - Link for downloading the application - <https://edroomdevs.engineer/>
- **RESUME2HIRE** – Currently working on this project. This will be a web-based application that is going to have the following features – Resume Builder, Screening the Resume, Suggesting jobs according to resume keywords, and if anyone or any company has job openings, they are posted here.

SKILLS

- Programming Language: C, C++, Python
- Tech Stack: Web Development, Machine Learning

ACHIEVEMENTS

- 5 Star Badge - Python (Hackerrank)
- 4 Star Badge - C++ (Hackerrank)

CERTIFICATION

- Python for scientific Computation course from Department of CSE, NIT Warangal June - 2021
- Programming, Data Structures & Algorithms using Python by IIT Madras - Online Certification (NPTEL) Oct - 2021
- Full Stack Web Development Course from E&ICT Academy, IIT Kanpur. Sep - 2021
- Introduction to Machine Learning - Internshala Aug - 2021
- Introduction to Deep Learning – Internshala Aug - 2022

LINK FOR CERTIFICATES - [Click here](#)

OTHER INTERESTS

- **Team lead** of RESUME2HIRE – present
- **Front-end Lead** of ABGEC - <https://abgec.in/>
- **Website Layout Designer** of ABGEC.
- **Solid Learning LLP (Python Instructor)** Remote
3 months of Teaching experience in Python Programming. Helped over 400+ students to build a good understanding of Python Programming in an Easy way for FREE. Feb 2021 – June 2021

POSITION OF RESPONSIBILITIES -

- **CULTURAL CLUB President** (2022-23) GECEB – Managing the cultural events of the college.
- **Developer's Club - Co-Lead** (2021-22) GECEB – Helping the juniors and guiding them for learning programming languages.
